BMP Doors specializes in **production, sale and assistance** of high speed doors, rapid roll-up doors, self-repairing doors, insulated doors and a variety of shutters and industrial doors. BMP doors for the industrial sector are innovative, versatile, resistant, technologically advanced, and require **little maintenance**.

**Industrial Doors**

**SELF-REPAIRING DOORS** **FOLD UP DOORS** **SPRAL DOORS THERMICROLL®** **INDUSTRIAL ROLLER SHUTTER DOORS**

**Technological Evolution** **For Large Openings** **Structural Resistance** **Quiet And Speed**

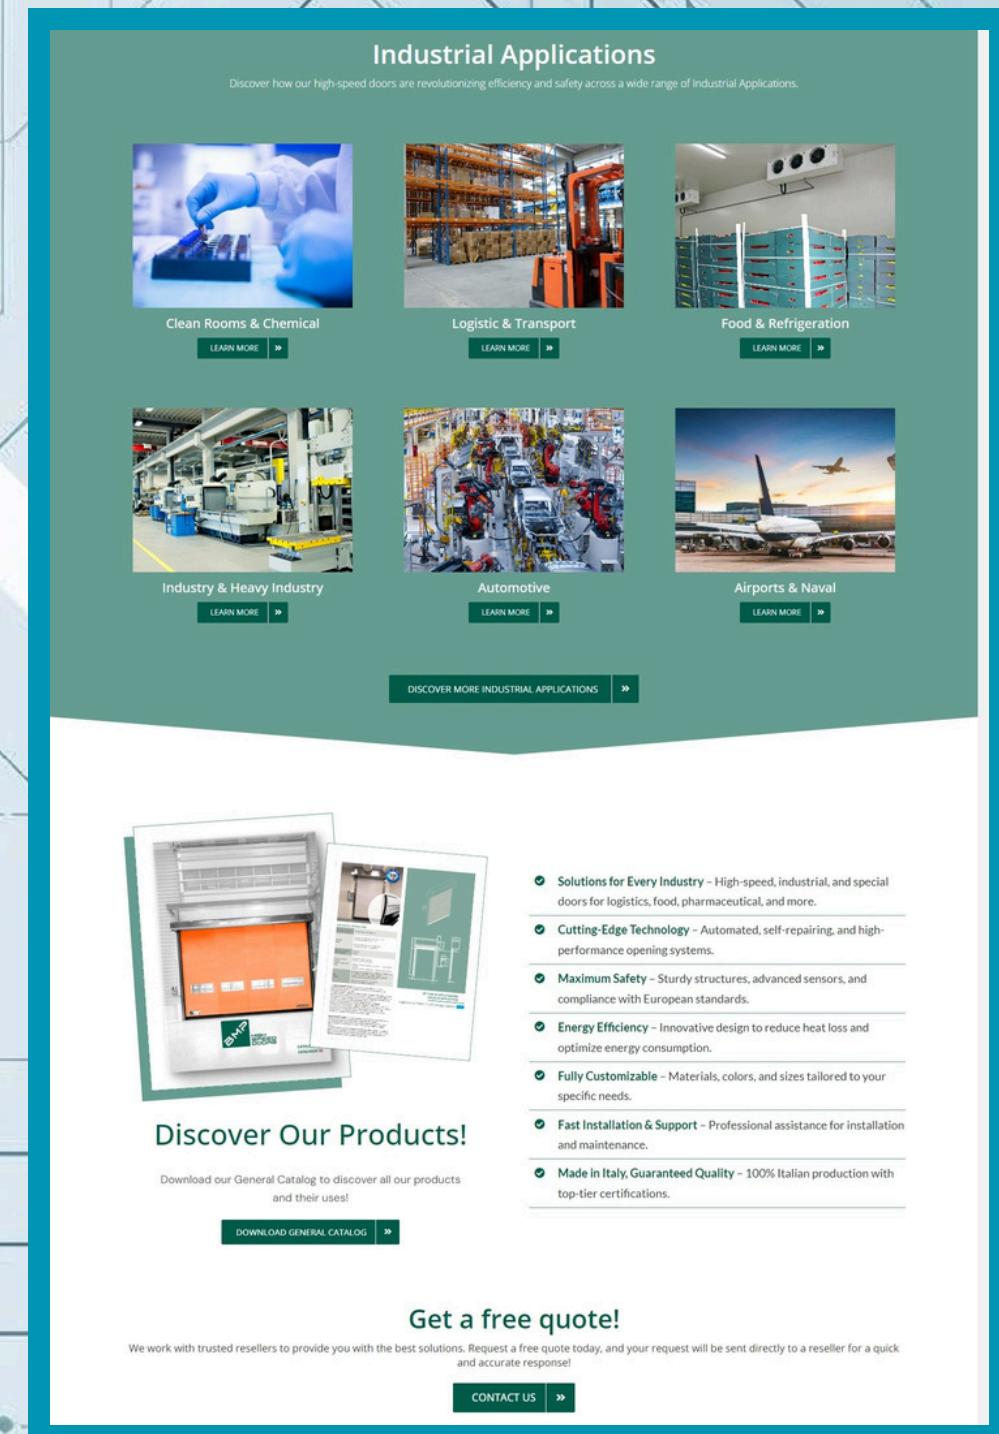

Self-repairing industrial doors with galvanized or stainless steel frames, DynamicRoll® doors ensure durability, security, efficiency, and hygiene for intensive-use environments.

Fold up doors, including the CRANE version, are ideal for large spaces, speed, safety, and exceptional wind resistance. Perfect for Overhead Crane areas, Airport Hangars, and Composting Industries.

Spiral insulated roller shutters are high-quality doors designed to isolate different work areas from noise and temperature changes, suitable for both indoor and outdoor use.

Industrial roller shutters are advanced, space-efficient closures specifically designed to effectively separate different areas, adapting thermal and acoustic conditions, ensuring optimal performance.
